

THE CAMBRIDGE BASIC SCIENCE FRCS (Orth) COURSE 2014

In association with Orthopaedic Research UK

19TH - 21ST March 2014

Magdalene College, Cambridge

CONVENOR

Mr. Vikas Khanduja MSc, FRCS (Tr & Orth)

Cambridge University Hospitals
NHS Foundation Trust 

This is an intensive course on Orthopaedic Basic Sciences aimed at trainees who are in their earlier years of training and those preparing for the FRCS (Tr & Orth) examination. The course is also suitable for surgeons in practice who wish to refresh their knowledge in Orthopaedic Basic Sciences.

The course is designed to provide the delegate with a comprehensive update on all the topics in Basic Sciences in Orthopaedics that are assessed in the examination and are clinically relevant. The format of the course includes interactive lectures and mock vivas on all the three days of the course to provide the candidates with ample time to gain knowledge and also to refine their examination technique. The course is run over three days at Magdalene College in Cambridge and structured Vivas are conducted with experienced Consultants on each evening of the course.

Candidates are encouraged to apply early as places are limited.

Suitable for: Candidates appearing for the FRCS (Orth) exam (24 spaces only, therefore book early to avoid disappointment) and SpRs in Training from Year 1-4.

Course Fee: £495 (For Candidates appearing for the exam and who will be registering for Vivas),
£320 (For Lectures only - SpRs in their earlier years of training and all surgeons wishing to refresh their knowledge)

10% discount for ORUK members. To become a member please log onto www.oruk.org
