CURRENT CONCEPTS IN JOINT REPLACEMENT™

Winter 2011

Hyatt Regency Grand Cypress
Orlando, Florida

December 7 - 10, 2011

A Continuing Medical Education Program

Course Director:

A. SETH GREENWALD, D.PHIL.(OXON)

COURSE DESCRIPTION

- Both hip and knee reconstruction have evolved into mature sciences and are seen to be dependent on a triad of design, patient factors and technical proficiency to achieve clinical longevity.
- This meeting will focus on both primary and revision outcomes as well as address problems of fixation, bone deficiency, instability, trauma, infection and patient management for hip and knee replacement. Evolving device, material and instrumentation technologies and the recent concerns affecting early *in vivo* hip and knee performance are addressed.
- An assemblage of contemporary thought leaders will probe the boundaries of these problems and offer solutions for joint pathologies where arthroplasty is indicated.
- Plenary commentary, didactic clinical reports, technique videos, debate and case challenges define the formats of presentation, which provide an optimal learning opportunity for orthopaedic surgeons and other allied professionals involved in joint reconstruction.

COURSE LOCATION

The **Hyatt Regency Grand Cypress**, a resort property in **Orlando, Florida**, is centrally located to the Magic Kingdom, Universal Studios, EPCOT Center, Busch Gardens, Sea World and other major attractions. The resort's 1,500-acre setting includes a spectacular pool with grottos, tumbling waterfalls and water slides, a stunning 21-acre lake abundant with water sports and recreation. Experience superb dining in any of Hyatt's six restaurants. The resort also includes a 45-hole Jack Nicklaus-designed golf course. The resort offers tournament quality tennis, a health and fitness center, rental bikes, a five mile jogging trail, an equestrian center and outstanding child care facilities.

Marriott's Orlando World Center, a short distance from the Hyatt, and a comparable, luxury resort is providing additional rooms for the program. Transportation will be provided during meeting hours to the Hyatt, a short 10 minutes away.
